Design Architect: Todd Sease

General Contractor: TBD

Project Scope: Construction of a New Elementary School for 900 students, to be built on approximately 26 acres of land behind the existing Jennie Moore School. The new facility is approximately 125,000 square feet, and will have the capability to add space to increase enrollment to 1200 students. The building will contain instructional space for Pre-Kindergarten through fifth grade, including Special Education, computer labs, Science / Project labs, Art, Music, and drama rooms, as well as cafeteria, Multi-purpose, administration and support spaces. Included in the design is space for the community to use that can be isolated for after-hours use. The design is to meet LEED certification, and will incorporate the latest technology features available to the CCSD. The New Jennie Moore Elementary will share a campus with the New Laing Middle School.
